# DIANA KRALL

WITH SPECIAL GUESTS MADELEINE PEYROUX AND MELODY GARDOT

KINGS PARK AND BOTANIC GARDEN – FEBRUARY 23 2010  
WITH THE WEST AUSTRALIAN SYMPHONY ORCHESTRA

Roundhouse Entertainment and Mellen Events are delighted to announce Grammy award-winning pianist and singer Diana Krall will be returning to our shores in 2010 and, in a world first, will be joined by the sublime talents of Madeleine Peyroux and Melody Gardot.

Diana will perform at five winery events nationally as part of her February/March concert tour, including a very special **'an evening on the green'** show at Kings Park and Botanic Garden on Tuesday February 23, 2010.

At this concert Diana will be accompanied by members of the West Australian Symphony Orchestra, allowing fans the rare opportunity to experience her music in the form that it was originally recorded.

Diana will tour here for the first time since 2005 in support of her twelfth album *Quiet Nights* (released in March through Universal). Since her last visit she has given birth to twin boys, released four albums, produced and performed on Barbra Streisand's new album, and toured extensively across the United States, Europe and UK.

Reviews for Diana's *Quiet Nights* tour have been uniformly glowing with *The Los Angeles Independent* writing "...nothing was musically impossible with Diana Krall's easy and sublime performance" and the *Winnipeg Sun* called it a "...flawlessly executed performance from all concerned".

Since her debut in 1993, Diana has topped both the pop and jazz charts and sold millions of records worldwide. She has proven her genuine talent and credibility as a mold-breaking jazz musician time and time again.

Returning to Australia and New Zealand for the first time since her sold out 2007 tour is the soulful and enigmatic Madeleine Peyroux. Her latest album offering *Bare Bones* (Universal) is the follow-up to previous albums *Half The Perfect World* and her million plus selling breakthrough album *Careless Love*. *The Australian* wrote of her last tour "...her singing was spectacular. Her tone was sweet and vulnerable and her phrasing was elastic..."

Rounding out this phenomenal touring lineup is Melody Gardot, who recently took Australia by storm during a short promotional visit in support of her new album *My One and Only Thrill* (Universal). The Sydney Morning Herald wrote of her showcase concert "Gardot feels and looks like a star" and when you learn that she came to her current career through music therapy while recovering from a near fatal accident, her talents are even more remarkable.

Across its nine year history, **'a day on the green'** has proudly presented a diverse range of music, and to see these incredible artists all on the same bill is an extraordinarily rare opportunity and one that will be embraced by music lovers nationally.

Don't miss Diana Krall with very special guests Madeleine Peyroux and Melody Gardot in concert this February/March.
