GENERAL INFORMATION

a day on the green events are held outdoors on sites with terrain that consists of grass and uneven, rough surfaces. There is no shade or undercover areas, and the inclement weather can have a significant impact on the conditions of the site. We recommend taking this into consideration and reviewing the relevant venue's Event Site and Distances information within this guide.

Our events go ahead in wet weather unless conditions are deemed to be dangerous. If you have purchased an accessible ticket and have concerns regarding wet weather in the week leading up to the event, please contact us at hello@adayonthegreen.com.au.

We are continually striving to improve access to **a day on the green** and enhance the experience of our patrons with disability. Please contact us at hello@adayonthegreen.com.au if you have any further questions regarding accessibility.

Patrons are advised that flicker, laser, strobe and other lighting effects may be in use at the event.

Carers

a day on the green is pleased to support the National Companion Card system. You can receive a complimentary ticket for a carer when booking your tickets via Ticketmaster's accessibility line on 1300 446 925 or alternatively, you can submit a request via **https://help.ticketmaster.com.au**. Please have your companion card handy when booking your ticket as well as bringing it along with you when attending the event. Please note there is a limit of one complimentary carer ticket per companion card.

We recommend bringing a carer who will be able to physically help you in navigating the event site and the uneven and rough terrain.

Guide & Service Dogs

Guide dogs, hearing dogs, or registered assistance and companion animals are allowed on site. For patrons attending with a guide or service dog, we ask that handlers carry appropriate identification/accreditation for the dog and for the dog to wear at all times their identification coat and harness/lead.

If you are purchasing Reserved Seating tickets, please contact Ticketmaster's accessibility line on 1300 446 925 or alternatively, you can submit a request via **https://help.ticketmaster.com.au**,and advise you require a complimentary seat for your service dog. At the event, our team of ushers can assist in removing the complimentary reserved chair for your service dog to sit comfortably with you in the reserved seating area. Please be aware patrons often stand / dance in front of their seats throughout the events.

Our venues can be very large sites where dogs will experience dense crowds, high levels of noise and laser, strobe and other lighting effects maybe in use at the event. We recommend guide and service dogs are not positioned within the front rows of the stage due to high sound volume and the dog's comfort and wellbeing.
